

IMPORTANT NOTICE REGARDING THE 2007 CALIFORNIA BUILDING CODE

All plan review applications submitted after December 31, 2007 will be required to comply with the new 2007 California Codes

Projects that are designed or built under the UBC will NOT be accepted.

If you are an architect, engineer, designer or contractor that performs work within the State of California, please be advised that a new building code will take effect on January 1, 2008. The new building code is based on the 2006 International Building Code (IBC) and it is significantly different than the Uniform Building Code (UBC).

The 2007 California Building Code is currently available for purchase directly from the International Code Council, at www.iccsafe.org

All designers and contractors should participate in training before the new codes take effect. Training classes are available through the following organizations:

CALBO

www.CALBO.org

- General training related to all I-Codes
- California Amendment training

LA Basin Chapter, ICC

www.icbolabc.org

- General training related to all I-Codes
- California amendment training
- Self-study "Introduction to 2007 CBC" (3-disc DVD set)

ICC

www.iccsafe.org

- General training related to all I-Codes
