Effective July 1, 2008 the Environmental Health Department of the Madera County Resource Management Agency will implement a fee increase based on the Consumer Price Index (CPI) for All Urban Consumers as published by the U.S. Bureau of Labor Statistics which provides the best estimate of the average change in the price of goods and services over time. The formula used is the Annual 12 Months Percent Change for each previous year. The 12 month percentage change for 2007 is 3.3%.

This automatic adjustment of applicable Department fees was adopted in ordinance (No. 612) by the Board of Supervisors on November 22, 2005. A copy of this ordinance is available upon request.
